Seal Beach, CA 90740

SUBJECT: DWP Specific Plan NOP

Dear Sir(s):

Thank you for the information provided in the document. The Orange County Fire Authority (OCFA) provides fire protection and emergency medical services response to the project area. Services include: structural fire protection, emergency medical and rescue services, hazardous inspections and response, and public education activities. OCFA also participates in disaster planning as it relates to emergency operations, which includes high occupant areas and schools sites and may participate in community disaster drills planned by others.

Resources are deployed based upon a regional service delivery system, assigning personnel and equipment to emergency incidents without regard to jurisdictional boundaries. The equipment used by the department has the versatility to respond to both urban and wildland emergency conditions.

For review or input in the EIR document, please send to OCFA Attention: Strategic Services. Please contact me at 714-573-6199 or michelehernandez@ocfa.org if you have any questions.

Sincerely,

Michele Hernandez
Management Analyst, Strategic Services
